2022 COLLECTION

Like all of us, golf shoes have really been through it over the past 2 years! They have become more important than ever as life with a round between working-from-home became our daily escape. One thing is certain: they are now fair game to wear with just about anything. Reaffirming our stance on golf shoe design...to create product that looks and feels appropriate from the links to life and everywhere in between.

Our designers and I, have worked tirelessly on a fresh chapter of footwear and accessories that is the first taster of exciting product to launch within the next 12 months. As always the devil is in the details. All of our shoes are made only with premium components, and feature our signature colour band and hand stitched details. We work closely with ORTHOLITE™ to create the most supportive and comfortable insoles to complement our luxurious ultra-soft linings. We continue to focus our attention on improving our product performance and quality, in every shoe.

Inspired by our own back yard we have distilled the sartorial spirit of the city we live in into a collection that we believe will travel well beyond London to golfers looking for style, quality and comfort on the course.

Style in Britain is invariably described as eclectic! But nowhere is the melting pot approach to dressing oneself to express personal style more apparent than in London, a place where dress sense is as diverse as the languages spoken in the capital and the endless choice of cuisine.

Whoever you are on the course, my hope is that our collection gives you the confidence to present yourself to the world exactly as you wish to be seen and allows you to play with style!

STRIDER LITE

For performance and style, the Strider Lite punches well above its ultra-light weight. Our hybrid shoe has a custom-designed outsole and a compression-molded Phylon midsole to maximise control and stability without compromising on feel and comfort. Our updated branded tape and accents makes a statement as subtle and strong as the shoe itself.

LIMITED EDITION / MIA'S MIRACLES

In partnership with an amazing cause, Royal Albartross will make a donation to The Mia's Miracle Foundation, with each pair sold. Our Founder designed a rainbow inspired shoe for 2022, and read about the story of Mia a few days later. She felt it was meant to be, and both parties have worked closely to launch this initiative. The Foundation was created to celebrate the birth of a beautiful girl who tragically battled with cancer.

Mia was the daughter of Maria Ochoa Mora & Camilo Villegas, an accomplished professional golfer on the PGA Tour and they were determined to help families facing similar challenges, in honour of their daughter.

We are delighted to have made this project a reality, and assist Maria and Camilo in their endeavour.

A collection of belts is displayed against a dark background. One belt features a dark, intricately woven strap with a large, rectangular metal buckle. Another belt has a similar woven strap but with a black leather patch near the buckle. A third belt, partially visible at the bottom, has a light-colored woven strap and a black leather patch. The text 'ACCESSORIES' is prominently displayed in large white letters, with 'BELTS/LUGGAGE' and '& LEATHER GOODS' in smaller white letters below it.
